Summary

As an aspiring Frontend Developer, I bring a strong foundation in HTML, CSS, and JavaScript, combined with a passion for creating user-friendly and visually appealing web experiences. With a commitment to staying updated on the latest industry trends and best practices, I am eager to contribute my skills and enthusiasm to a dynamic development team.

Skills

Technical Skills: HTML5 | CSS3 | Javascript | React.js | Python | C | C++ | Git | GitHub

Soft Skills: Problem solving | Effective communication | Active Listening

Projects

Menswear Website:

- Developed a responsive eCommerce website using HTML, CSS, and JavaScript.
- Organized the website into three main sections: shirts, t-shirts, and shoes.
- Implemented a product interaction feature where tapping on any product triggers a popup personal information form.
- Enhanced user engagement with real-time feedback, displaying a confirmation message immediately upon form submission and clicking the "place order" button.
- Additionally, created a dedicated Adidas section to provide a specialized shopping experience for Adidas products.

Image Search Engine:

- Developed an image search engine using HTML, CSS, and JavaScript.
- Provides a user interface for inputting a specific image category.
- Utilizes an API to fetch and display images based on the user's input.

Bubble Game:

- Created a responsive bubble game using HTML, CSS, and JavaScript.
- Implemented a scoring system where hitting a target bubble increases the player's score.
- Added a timer feature to create time-based gameplay, ending the game when the timer runs out.
- Included an optional dark mode feature to enhance user experience and accessibility.

Education

Rajiv Gandhi College of Engineering Research and Technology, Chandrapur. BTech (2019 - 2023)

Electrical | CGPA: 8.5
